Music

Please only use music sheet obtained from legal sources. The music needs to be scanned and sent to the assigned teacher. Music should be memorized. Performing with music is allowed but will decrease your rating by one level.

Level	Level Indication	Fee per level	Time Frame
Park (Primary)	5 fingers	\$20	Up to 2 years (1 min.)
Mountain (Beginner)	Faber Level 2 and up	\$25	Up to 3 years (4 min.)
Island (Intermediate)	Sonatina, Burgmuller	\$30	Up to 4 years (6 min.)
Ocean (Advanced)	Sonata	\$35	5 years and more (up to 10 min.)

Performances

Perform two memorized pieces (or more for Primary level) of music each from different eras. Practicing prior to the performance might be possible at teaching studios at back of the store. Please ask the store before using the facility.

***Recording & Submission (In case of pandemic)**

In case of pandemic, the event will be held online. Students must record their performance and submit it to the chair by creating "one YouTube link per student" by no later than 4/10/2022. It is recommended to perform on either a tuned piano or 88-key digital keyboard. Students can finish their performance with bow at the end. Be sure to include performer's upper body including face and hands in a recording.

Grading Criteria

The performance as written in the score is what is evaluated. Missing a few notes does not automatically lower the level.

Diamond	An exceptional performance. Convincing, impressive as mature performance.
Gold	Good performance with memory following most of the indication in music.
Silver	Fair performance with several improvements needed.
Bronze	Participation of the event.
