

Lake Washington Musical Passport Festival

Music

Please only use music sheets obtained from legal sources. The music needs to be scanned and sent to the assigned teacher. Music should be memorized. Performing with music is allowed but will decrease your rating by one level.

Level	Level Indication	Fee	Time Frame
Park (Primary)	5 fingers	\$25	Up to 2 years (1 min.)
Mountain (Beginner)	Faber Level 2 and up	\$30	Up to 3 years (4 min.)
Island (Intermediate)	Sonatina, Burgmuller	\$35	Up to 4 years (6 min.)
Ocean (Advanced)	Sonata	\$40	5 years and more (up to 10 min.)

Performances

Perform two memorized pieces (or more for Primary level) of music each from different eras. Practicing prior to the performance might be possible at teaching studios at the back of the store. Please ask the store before using the facility.

Online Participation

Students must record “Two Pieces in One Recording” and submit only One Youtube Link to the chair by 10/29/2022. Submissions with two links will not be accepted. It is recommended to perform on either a tuned piano or 88-key weighted keyboard. Students can finish their performance with a bow at the end. Be sure to include the performer's upper body including face and hands in a recording.

Grading Criteria

The performance as written in the score is what is evaluated. Missing a few notes does not automatically lower the level. Performance with books lowers the rating by one level.

Online performance is evaluated more strictly than in-person performance.

Diamond	An exceptional performance. Convincing, impressive as mature performance.
Gold	Good performance with memory following most of the indications in music.
Silver	Fair performance with several improvements needed.
Bronze	Participation in the event.
